

'The Forgotten France' – An all-inclusive photographic holiday

Welcome to "Les Marronniers" (The Chestnuts), a former farm set in the tranquil Creuse Department of France's South West Limousin region.

We have been living in the Limousin for over 8 years. During this time we have wholeheartedly embraced our French life and now we want to share it with you.

If you have always had a love affair with France or maybe it is a new holiday destination and you want to combine this with a week-long photographic course – look no further. Under the expert guidance and tuition of Jeff Morgan you will have the opportunity to experience and capture this beautiful and unspoilt region.

Everything will be organised for you, so all you have to do is relax, take photographs, sample delicious home cooking and immerse yourselves in the peace and quiet of "Les Marronniers"

Holiday Overview

You will be taken to places of historical and natural beauty by Chris. He will provide an interesting insight to the area, so you will have the experience and expertise of Jeff your photography tutor, coupled with the local knowledge of Chris your host.

You will be staying in our newly renovated gîtes. Each bedroom can be arranged as a double or a twin and has its own en-suite bathroom, tea and coffee making facilities, and English TV. All rooms are thoroughly cleaned at the beginning of the week, with fresh bedding along with bath and hand towels (always a bonus when worrying about space in one's luggage).

Downstairs there is a large open plan kitchen-diner and lounge for those times that you want to relax and catch up with the other guests.

Leading from the small balcony there is a patio with garden tables and chairs offering a great view of the ground and pool.

For those times when you are not on a field trip, you can unwind by the pool, go on a bike ride or choose from the numerous books that can be found in our library. We also have a games room for those who fancy themselves as table tennis pros!

Your stay will include all organised field trips and tuition, Continental breakfast, a light lunch or picnic, and a four course evening meal.

Wine and soft drinks will be served with each meal. We can of course accommodate guests with special dietary needs, but please give us advance notice when booking.
